Exhibit: Nebius capital structure and dilution capacity (NBIS short)

Filings & Capital · locked figures as of Fri Oct 9, 2026 (ET) · public information only · [R] reported · [D] derived · [E] estimate · ND not disclosed

Takeaway: every long case needs 2.7–4.2× the share authority Nebius has without a new shareholder vote. Funding the build at disclosed contract prices means a fresh vote, a large equity raise, or more converts.

1. Share count used for price targets

Tier	FD shares	Applies when	Tag / source
Debt tier (all team PTs)	**358,558,306**	PT below $313.46: Feb-30 / Feb-34 notes treated as debt	D · fd_share_bridge (6/30 FD 358,337,958 – exchanged conversion shares + 15.77M exchange shares)
